Subject

Vegetation Treatments Using
Herbicide Programmatic EIS

Attn: Brian Amme

1 With all the accumulating evidence on the dangers of herbicide use, isn't it over due to re-evaluate usage of BLM Land, and the invasive weed problem.?

2 PREVENTION, by reducing off road vehicles, restricting grazing, are examples. An ounce of prevention is worth a pound of cure(AND CHEAPER)

This is owed to all future generations !!!!!!!!!!!!!

Sincerely,.
Nancy Johnson
